Centrepiece Pricing Guide

I know that figuring out decor details can be a bit overwhelming, especially when it comes to choosing the perfect wedding centrepieces. Here at Feather and Fern Event Hire, I get a lot of questions about my prices for centrepieces, but as each piece is tailored to your unique wedding vision, I've decided to put together this dedicated centrepiece pricing guide—to give you a clearer picture of what to expect and the cost. I've included examples of different styles and their prices to help you plan and budget with ease, use this to pick out your exact centrepiece package or use it as a guide as different combinations of the following examples can be put together, as well as extra unique touches to create your own bespoke style.
